

Revised Notes on Mockup Review:

Color Palette:

Implement a black background for a sleek and immersive feel

Explore an earthy color palette inspired by Banjo-Kazooie, incorporating vibrant and playful tones

Navigation Style:

Opt for a traditional navigation system with separate pages, mirroring the level-based structure found in Banjo-Kazooie.

Consider incorporating interactive elements that evoke the feeling of progressing through different game environments.

Font Choices and Imagery:

Evaluate font readability against the chosen black background to maintain a visually striking design.
